### 2021-2022 Camel Care Costs

You may choose Camel Care options for the days that accommodate your schedule by month. We staff Camel Care for the specific children enrolled and availability is limited. We ask that you commit to a Camel Care schedule by the month, although we always try to meet your requests if you have a family or unexpected emergency. We ask that if you need to change the schedule, you do so in writing. All costs listed are **per month per child**. Thank you.
